CALFIRE will provide NetCom with fire conditions such as:

- Red Flag warnings
- Dispatch level changes to or from a status of “high” or greater and any CALFIRE wildland fire response within NetCom jurisdiction
- Draw down levels

After receipt of such information, NetCom will broadcast this information for all users in a timely manner on Red Fire channel pre-empted with a “warble” alert tone. Additionally, NetCom will send the information via a CAD “All Chiefs” TN. page.
