Policy No.	4855	Date Issued:	June 1, 1996
Section:	4800 – Specific Procedures, Continued	Date Revised:	June 28, 2005
Accreditation Standards: None			
SUBJECT: CIVIL PROTESTS, STRIKES, AND LABOR RELATION INCIDENTS			
APPROVED:	 _____ Chairperson, Law Enforcement Users Subcommittee		
APPROVED:	 _____ Michael J. McDougall, General Manager		

Calls from the public concerning civil protests, strikes and labor relation difficulties can be divided into three basic categories:

- ◆ Calls which indicate that a strike or protest is likely to occur at a specific time.
- ◆ Calls which indicate that a peaceful strike or protest is in progress.
- ◆ Calls which indicate that violence or other crimes are in progress at a strike or protest scene. Violence is assault, arson, throwing objects at vehicles or persons, etc.

When a call is received reporting that a strike or protest is scheduled to occur or that a strike or protest is in progress, the dispatcher shall create an incident in CAD including the caller's name and telephone number. The incident will then be dispatched to the patrol supervisor.

- ◆ The patrol shift supervisor will decide what action, if any, shall be taken.

Upon receipt of a call indicating that violence is occurring at the scene of a strike or protest, dispatch a minimum of two (2) units to the scene. Notify the patrol supervisor immediately.
